

Impact Report 2010–2020

Give2 Program

The Give2 Program matches donations made by Origin employees to any registered Australian charity of their choice. In addition to making regular and one-off payroll donations, employees support a range of fundraising initiatives, including in response to natural disasters and emergencies.

“Since inception in 2010, the program has contributed over \$6.36M to benefit 700 Australian charities.”

Employees choose to support the causes which matter most to them:

- **Education** enabling equality of educational opportunity and programs encouraging young people to achieve their potential
- **Environment** conservation, restoration, rehabilitation and animal welfare programs
- **Health** research into chronic, acute and life-threatening health conditions and support for those impacted by them
- **Human services** addressing food insecurity, shelter, social inclusion and community support

\$1.37M donated to Origin Energy Foundation grant or volunteering program partners

\$159,000 donated to charities supporting Australians living in regional or remote locations

\$28,500 donated to charities run by or for the primary benefit of First Nations people in Australia

\$7,800 donated to charities whose main purpose is to support the LGBTIQ+ community

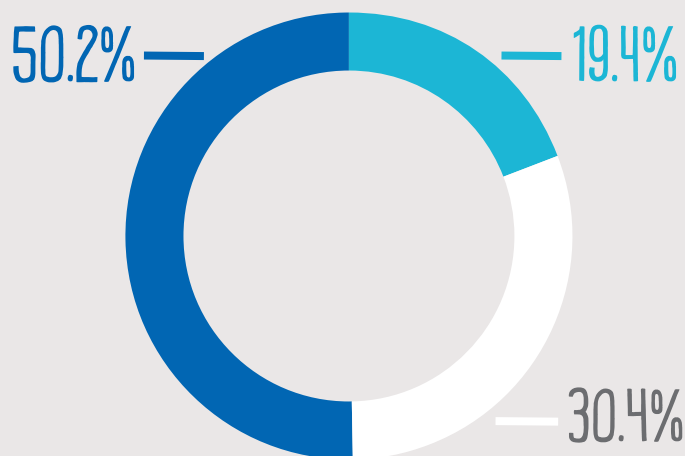

Top 10 Beneficiaries:

- Oxfam Australia
- The Hunger Project Australia
- Australian Red Cross
- Movember Foundation (men’s health)
- Tour De Cure (cancer research)
- The Salvation Army
- Habitat for Humanity Australia
- ANZUP Cancer Trials
- Westpac Helicopter Rescue
- Good Return (microfinance in developing countries)

Since 2010, 15,722 Origin employees have collectively donated \$3.17M through over 70,000 individual donations. During financial year 2019/20, over 50% of Origin employees participated in the Give2 program.

Employees choose how they wish to engage with the matched giving program:

- **Fundraisers:**
 Donations by one or more employees to campaigns or fundraising pages which support a specific cause
- **Once-off:**
 Single donations made by individual employees
- **Regular:**
 Donations made consistently over a period of time via payroll deduction

Donations

How donations were given:

20%

of donors have given more than 10 times

6%

of donors have given more than 100 times

2.5%

of donors have given more than \$10,000

Average:

Amount of each donation:

\$45

Given by each donor since inception:

\$200

Total donated by employees each month:

\$26,500

“I donate regularly via payroll to charities that support poverty alleviation, animal welfare and cancer research (all causes close to my heart). I believe recurring donations are important as they allow organisations to forecast their income and plan their operations accordingly.”

“I donate via payroll because it increases the benefit, thanks to the Origin Energy Foundation Matched Giving program.”
